

GROUP ACTIVITY FOR MU MEETINGS

LEADER'S NOTES

1. This is a short activity which is meant to help our members think about the work of Mary Sumner and how we can continue that work.
2. Each person will need a piece of A4 paper and the use of a pair of scissors, and a pen or pencil.
3. You will need the same and the instructions for the activity, which are in picture form with brief instructions at the bottom.
4. You will see that No 3 instruction asked that the members write in their own words what they admire about Mary Sumner. If you could get them perhaps to talk to each other for a minute or two and discuss this, especially Mary Sumner's devotion to our Lord Jesus, which she used to strengthen her for her work. We want this to be something to keep and direct us in our work through the next year.
5. Having done this, the members should write in their own words along the fold on both sides, and then turn the page over and do the same on the back. All will become clear when the final reveal is done.
6. if some members are a bit slower than others, try to get them all to wait and open the paper together so that the reveal is not spoilt for the one who might be a bit slower.
